Recognition, Activities, Special Interests:

Nicholas graduated from Harrison High School and worked as a welder and fabricator at a manufacturing services shop in Noblesville.

Nick possessed an amazing ability to see those on the edges, those most vulnerable, those who were suffering and he moved in include, to invite, to care for those that would most benefit from his laughter, his smile. Nick lit up every room he entered with his very old soul, he carried

the light with him and made everyone warmer with his presence. As an adolescent Nick began to use drugs and quickly became addicted to any and all substances. While he battled this addition for the rest of his life, his times of sobriety and recovery brought his compassionate soul back to us. We are comforted that the foundation of faith he received in this community created the basis for all of his best choices and surely carried him straight into the arms of the Father who saw his struggles. (written by his mother, Lisa Eaker)

Memorial: Funds generously given in Nick's memory were dedicated to the Partners in Home ReEntry Ministry.
